Valuing Our Past... Breeding for the Future

Argo is another excellent offspring from Accoyo Crown Royale. This 3/4 Accoyo male has great lock, density and conformation and his luster sets him at the top. Argo won the very large white juvenile male class at OABA at 7 1/2 months of age! He also won 1st place at the 2004 Futurity and the North American. His fleece had the top score in luster in his class at the 2004 OABA Fleece Show! This year's shearing produced 7.3 pounds of lustrous fleece. Argo has settled his first females on our farm this summer and is ready to add luster to your breeding program today!

Show Record
